Dear Parents and Carers

We are delighted to make you aware of a new section on our website, and would like to signpost all to our new section in the SEND tab (Special Educational Needs and Disabilities)

How we are adding to our SEND support.

Children with Special Educational needs and disabilities may face lots of changes in their day to day lives because of the current situation during the pandemic and in the near future, as we re-adjust to the changes it has brought us. Their routines, regular support, and the people they see may all be different at the moment, and as a parent or carer you may feel concerned about how it will affect your child.

Every child with special educational needs and disabilities (SEND) is different and will have different support needs. We are here for parents and carers as well as the children and want to offer as much support, guidance, and resources as we can to help as much as we can.

From this page you will find lots of links to websites, print outs, games, activities, and information to hopefully support you further at home.

If you require any support in accessing any of these resources, please contact us, or alternatively if you have any suggestions or ideas you would like to share with our school community, please do let us know.

At Glazebury CE Primary School, we seek to promote a safe, stimulating, and nurturing environment, where children are encouraged to flourish, reaching their full potential whilst recognising their own self-worth.

Through our broad, balanced, and enriching curriculum, we aim to affirm the partnership of home, school, parish, and wider community. From this strong foundation our children will be encouraged to build on our core **Christian values of LOVE and WISDOM**, developing appreciation of the resources around us, with particular emphasis on respecting the differing world view of others.

Growing together at the heart of God's community

Kind Regards

Mrs Prescott Sendco
