23rd November 2020

Dear Parent and Carers,

It is good to be able to share good news with you all today, I can confirm that Mr Snelson has returned to our school setting. I am sure that you are as pleased as we are to welcome him back as a valued member of our school family.

As part of Mr Snelson's return, we have taken this opportunity to address the professional development of all staff and in light of this, Mr Snelson will be entering into a phased return to teaching going forward. This is intended to be a mutually beneficial move to both children, staff and school and increase staff breadth of experience alongside increasing career advancement opportunities.

Mr Snelson has undertaken a 2 week self-isolation before joining school and we are delighted to have him back with us.

Mrs Wall and Mr Snelson will be working together to ensure children's well-being and during this time with our Covid-19 constraints, Mrs Wall will remain the central point of contact to all year 5 and year 6 children.

Mr Snelson will also be teaching Reception, Monday and Tuesday afternoons with strict Health and Safety requirements being met, this is to utilise Mrs Snelson's expertise in phonics and guided reading to the benefit of our Reception children.

I am sure you will join me in both welcoming Mr Snelson back and supporting his return.

Kind Regards

Karen Mowbray
Head Teacher
