

BIG PICTURE

How are living things grouped ?

Questions we will explore:

- How do we sort and classify animals ?
- Can we sort animals based on their feeding pattern ?
- Can we use a classification key ?
- How can human behaviour be a danger to other living things ?

Vocabulary I will use:

classification vertebrate
invertebrate mammal
reptile amphibian
criteria endangered
habitat locality
prey predator producer
carnivore omnivore
herbivore

Questions I would like to ask :

Skills I will use:

explore research
read compare
enquire reflect
recall evaluate
discuss share
observe collect
