NSPCC/O2 Keeping Kids Safe Online Webinars

Thank you for expressing an interest in the NSPCC/O2 Keeping Kids Safe Online Webinar. The pre-recorded webinar will be accessible every Saturday from 9 May – 6 June and you can watch it anytime between 9am-9pm, simply by following the registration link below.

Participant registration:
Participants are required to register in advance for the pre-recorded webinar using the following link:
https://attendee.gotowebinar.com/register/6715781145254191630

Once registered, participants will receive an agenda and details of how to join the webinar.

Session content:
The 30 minute webinar will provide parents and carers with information on:
• Appeals and risks of the internet for children

• How to keep kids' safe online

• Resources and support available for parents

To take part, you will need:
• Headphones or a computer with speakers - checking that you can hear audio before the session starts

• A quiet space, with minimal background noise

IMPORTANT - If you intend to listen via a telephone or mobile phone, please be aware that calls may be charged - dependent on your network provider. **Please refer to your network provider for further information.**

Technical guidance:
The webinar will take place through GoToWebinar. 15

Participants have several options for joining the webinar. This includes the GoToWebinar desktop on Windows or Mac Computers, the Chrome browser or using an iOS, Android or Windows phone devices.
